

City Council Agenda Bill

23182

Bill Number

Subject: **Post Point Resource Recovery Project - Community Outreach Update**

Summary Statement: The Post Point Resource Recovery Project will replace the aging and failing solids handling system with an anaerobic digester process at Post Point. City Council has previously provided direction proceed with construction of the digesters and ancillary systems. Council also provided direction initiate a new public process to evaluate options for end uses, or disposal, of biosolids. The project team has a presentation to describe the framework of a proposed outreach effort in three phases over 2 years. The need to invest in infrastructure at Post Point to protect both public and environmental health is larger than a single project. The outreach effort being presented also includes a concept on how to broaden the public view of the major investments needed at Post Point over the next 10 years.

Previous Council Action: 2021-2022 Budget Approval, Council Briefings on 7/11/22, 5/9/22, 4/25/22, 4/11/22, 12/6/21, 7/26/21, 3/8/21, 7/27/20, 9/9/19, 1/28/19, 7/24/17, and 2018 Climate Action Plan

Fiscal Impact: Consultant and outreach services for the outreach effort described in the presentation are estimated to cost \$700,000 over the next 2 years

Funding Source: **Wastewater Fund (420)**
